

- 1) Determine Belt Type
 - Welded
 - Truly Endless (Show Helically Wound Illustration)
 - Open Ended

- 2) Determine Cord Type
 - Steel
 - Kevlar

- 3) Determine Pitch By Matching Belt To Reference Drawings

- 4) Determine Length By Counting Teeth

- 5) Determine Belt Width Using Reference Ruler

- 6) Other Belt Features
 - Color (Clear, White, Blue, Black)
 - Any Nylon ?
 - Tooth Side
 - Backside
 - Tooth And Back
 - V-Guide ?
 - Determine Type From Illustrations

- 7) Backings
 - Determine Type Using Illustrations
 - Determine Thickness Using Reference Ruler

- 8) Profiles
